

Central snorkel set allows swimmers to concentrate on body balance, head position and stroke technique by eliminating the breathing cycle rotation.

Help swimmers use less energy and propel swim freely in water for hours.

SET510

Snorkel and Holder

- PVC tube and silicone mouthpiece
- PC material holder and silicone sheath
- Comfortable silicone head strap
- Stable and relaxed body position in the water
- Less resistance from the body to the water
- Less pressure and physical stress on the opposite side of the body, to the breathing side
- Increases the swimmer's breathing capacity
- Super purge valve allows for quick and effective clearance

SET510GC
